Neuzil to Hold August Government and You Listening Posts

*Plans to Discuss Flood Impacts on Farmers and the Environment as New
Member of the Rebuild Iowa Agriculture and Environment Task Force*

(IOWA CITY IA) Terrence Neuzil, member of the Johnson County Board of Supervisors, will hold his "Government and You" Listening Posts in August. The listening posts last one hour and provide residents an opportunity to discuss local, state and national government issues in an informal setting. Each month during the listening posts, citizens also can learn and discuss a hot and emerging issue that Johnson County is facing. In August, the Hot Topics Discussion will be on the flood impacts on farmers, agricultural land and on the environment. Recently, Supervisor Neuzil was selected by Governor Culver's newly created Rebuild Iowa Office to serve on the Agriculture and Environment Task Force. Governor Culver issued an executive order in July calling on the creation of a report to assess the flooding impact on the state and to recommend initial steps the legislative and executive branches can take to assist in recovery as well as a comprehensive long-term vision for rebuilding a safer, stronger and better Iowa. Neuzil will work with the task force on five areas of importance: Agricultural Economy; Rural Societal Impacts; Impacts on Soil; Water Health and Recreation and Identifying Aquatic Resources and Better Water Monitoring.
